Woods Hole Group Formerly Announces New Office Location

Falmouth, MA - Woods Hole Group, Inc. is excited to announce its new location at 107 Waterhouse Road, Bourne MA 02523. The move also is home the company previously known as Horizon Marine, Inc., which merged with Woods Hole Group in January.

Along with the former CLS America, which also merged with Woods Hole Group in January, all three companies are now referred to as Woods Hole Group, Inc. The Waterhouse Road facility represents the corporate headquarters for Woods Hole Group, also with satellite offices in Lanham, MD, Dover, DE, and Richmond, TX. The new building also serves as the US base of business for the overall CLS Group, an international company located in Toulouse, FR, which acquired Woods Hole Group in 2017.

With new facilities, personnel, and capabilities, Woods Hole Group can better serve its customers during this time of growth and technology development. All telephone and email addresses remain the same. Please direct all correspondence to the above address.

About Woods Hole Group:

Woods Hole Group is an international, environmental scientific and engineering consulting organization headquartered in Bourne, Massachusetts. With its breadth of vision and emphasis on a sustainable future global environment, Woods Hole Group is focused on resilient solutions for shorelines, wildlife, sustainable fisheries, and healthy oceans in a changing climate.
